To Our Donors,

It is because of your generous support of the foundation that we are filled with optimism about the work we do. They say it takes a village to raise a child — many have a mom, dad, family, friends, neighbors and educators providing guidance, helping them to make good choices each day. Through your support, together we become the village for all children, to help them have a childhood that is as enriching and fulfilling as possible.

You are helping us to change the lives of our children, from after-school study support, where struggling learners receive extra reading and math help, to stipends for high school students to convert college level coursework into college credits. From the delivery of weekend meals to homeless students, to scholarships so graduating seniors can pursue higher education, it is all made possible thanks to your support.

We work every day to ensure that we are responsible stewards of your donations, deploying them where there is the greatest need. Our success is your success, and ultimately the success of our children. Thank you from the bottom of our hearts.

Sincerely,
Deborah Anderson  Kevin McKay
Executive Director  President, Board of Trustees
Scholarships
36 students received post-secondary scholarships
Back-to-School Basics
263 instructors reimbursed for out-of-pocket costs to outfit classrooms with supplies
Bridging the Digital Divide
356 refurbished laptops were distributed to low-income students
College in the High School Tuition
124 students received College in the High School tuition assistance
PLAN/PSAT tests
1,305 sophomore and 1,155 junior high school students took PLAN/PSAT tests
STEM Expo
418 students displayed 250 projects at our second annual STEM Expo
Afterschool Study Programs
80 students in 7th and 8th grade received 96 hours of homework and study support
Creative Classroom Grants
11 teachers received creative classroom grants
School-Wide Grants
20 schools received school-wide project grants
Nourishing Network
1,400 weekend meals were provided to students who were either experiencing homelessness or in emerging crisis

Outcomes

Scholarships
- 36 students received post-secondary scholarships
- Back-to-School Basics: 263 instructors reimbursed for out-of-pocket costs to outfit classrooms with supplies
- Bridging the Digital Divide: 356 refurbished laptops were distributed to low-income students
- College in the High School Tuition: 124 students received College in the High School tuition assistance
- PLAN/PSAT tests: 1,305 sophomore and 1,155 junior high school students took PLAN/PSAT tests
- STEM Expo: 418 students displayed 250 projects at our second annual STEM Expo
- Afterschool Study Programs: 80 students in 7th and 8th grade received 96 hours of homework and study support
- Creative Classroom Grants: 11 teachers received creative classroom grants
- School-Wide Grants: 20 schools received school-wide project grants
- Nourishing Network: 1,400 weekend meals were provided to students who were either experiencing homelessness or in emerging crisis

Foundation Programs

Afterschool Study Programs
- Allows struggling students to receive homework and one-on-one academic support.
- The goal is to help these learners become more fluent readers, more proficient in math, and most importantly, to stay on track toward graduation.

Classroom & School-Wide Enrichment Grants
- Small, innovative classroom and school-wide grants that support teacher instruction and enhance classroom learning environments.

Bridging the Digital Divide
- Bringing digital media to low-income students in their homes. Students will no longer scramble to find alternative resources to complete assignments, and are able to stay abreast of homework assignments.

PLAN/PSAT exams
- Offered to 3,000 sophomore and junior students, and are conducted at all five comprehensive high schools. This eliminates cost, access and transportation barriers, and helps students to identify potential college pathways.

College in the High School Tuition
- A program that allows students to take college-level courses while in high school, with a fee required to earn college credit. The Foundation provides scholarships or College in the High School tuition assistance.

Post-Secondary Academic Scholarships
- The Foundation annually awards scholarships to graduating district seniors to pursue post-secondary vocational and college academic opportunities.

Nourishing Network
- Meal programs to feed our students experiencing homelessness and in emerging crisis.
Thank you for making great things possible!
