Foundation for Edmonds School District Launches Vision Program for Families in Need

The Foundation for Edmonds School District, in partnership with the Edmonds School District and National Vision Cares, is pleased to announce a new vision program providing complimentary eye exams and hardware to families in need. The program is made possible thanks to a generous grant from Foundry10, a philanthropic educational research organization focused on expanding the way people think about learning and creating direct value for kids.

With a referral from an Edmonds School District nurse, children can receive a complimentary eye exam by a licensed optometrist and eyeglasses from a local America's Best or Vista Optical, both members of the National Vision family of companies. Each family referred to the program will receive a voucher that they can redeem in their local store. For National Vision's first ever philanthropic report, please visit www.nationalvision.com.

Funding will help support important programs that feed our hungry and homeless students. For more information, please check out our video above and feel free to share or go to <https://www.campbellvw.com/community-driven/>

Give the Gift of Stock

Giving a gift of appreciated stock is an easy and effective way to both take advantage of IRS tax incentives and help families in need.

By giving a gift in this way, you can claim a charitable tax deduction for the full appreciated market value of your securities, and there is no capital gains tax when you make the transfer.

If you're interested in giving a gift of appreciated stock, please contact Executive Director, Deborah Brandi, by [email](#) or phone 425.431.7260.

You're receiving this because you have donated to the Foundation or Athletic Department in the past, graduated from the District, or have asked to be on our mailing list
